Sec. 6. The laws of the State of Texas pertaining to Roads and Bonds shall be applicable in Houston County, Texas, to the extent that they do not conflict with the provisions hereof, and in case of conflict with the General Laws or any Special Laws, the provisions of this Act shall not be affected.

Sec. 7. If any section, clause or provision hereof shall be held invalid, the remaining portions hereof shall not be affected thereby.

Sec. 8. The fact that Houston County, Texas, does not have adequate Special Laws to affect the purpose of this bill, and is in urgent need of the authority herein conferred creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and said Rule is hereby suspended, and that this Act shall take effect and be in force from and after its passage, and it is so enacted.

Be it enacted by the Legislature of the State of Texas:

(b) In accordance with the Constitutional requirement that taxes for county purposes only be paid by the General Fund to counties in which are located endowment lands set aside to The University of Texas by the Constitution of the State of Texas and the Act of 1883, there is hereby appropriated to the State Comptroller of Public Accounts for such purposes the sum of not to exceed Forty Thousand Dollars (\$40,000) for each of the fiscal years ending August 31, 1946, and August 31, 1947.

Sec. 2. That the several sums of money specified hereinafter, also as much thereof as may be necessary, are hereby appropriated out of any

funds in the State Treasury not otherwise appropriated to the several educational institutions, and other educational agencies named in this Act, for their support, maintenance, buildings, operation, and improvements, or other specified purposes for each of the fiscal years ending August 31, 1946, and August 31, 1947, respectively, as follows:

THE AGRICULTURAL AND MECHANICAL COLLEGE OF TEXAS

There is hereby appropriated to the Agricultural and Mechanical College of Texas, out of the Available University Fund for each fiscal year ending August 31, 1946, and August 31, 1947, one-third ($\frac{1}{3}$) of all of the Available University Fund received from the Permanent University Fund arising from the lands appropriated by the Constitution of 1876 and by the Legislative Act of 1883, except income from grazing leases thereon less its proportion of all expenses of administration, exclusive of the expenses of administering the grazing leases on said lands, together with any balance in said Agricultural and Mechanical College—University of Texas Available Fund for any previous fiscal year, to be used by said college for permanent improvements, equipment, repairs, and physical plant operation and maintenance.

Also, there is appropriated to the Agricultural and Mechanical College of Texas, the total amount of current or accumulated interest received on the land grant endowment fund of said College, aggregating approximately Ten Thousand Four Hundred and Fifty Dollars (\$10,450) annually and any balance thereof on hand at the end of any preceding fiscal year, for each of the fiscal years ending August 31, 1946, and August 31, 1947, to be expended in the payment of expenses incurred in fulfilling any of the purposes provided by the State Land Grant College Act and the Federal Land Grant College Act, and any amendments thereto, in the manner therein provided.

The Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to invest the Agricultural and Mechanical College of Texas Special Mineral Fund in bonds of the United States of America. Bonds of this fund may, at the discretion of the Board of Directors, be sold and the proceeds reinvested for said fund under these provisions. If any bonds are sold at a premium, the amount received in excess of par may be expended, under the direction of said Board, in erecting permanent improvements for the College and its Branches and Divisions or, at the discretion of the Board, may be credited to the Agricultural and Mechanical College of Texas Special Mineral Fund or may be used to repay premiums on bonds previously purchased. In the case of any bonds purchased under these provisions, premium or discount shall be distributed over the life of the bonds, except as herein otherwise provided. The income from this fund may, at the discretion of said Board of Directors, be credited to the fund or may be used in erecting permanent improvements for the College and its Branches and Divisions.

For the purpose of paying the expenses incurred for administering the Pure Feed Laws in accordance with the provisions of Articles Nos. 3872–3881, inclusive, of the Revised Civil Statutes of Texas, 1925, and amendments thereto, there is hereby appropriated to the experiment stations of the Agricultural and Mechanical College of Texas out of the receipts accrued to the credit of the Pure Feed Fund for each of the fiscal years ending August 31, 1946, and August 31, 1947, such amounts thereof as shall be necessary for the efficient administration and operation of said Pure Feed Laws. The unexpended balance in said Fund may be used for any of the purposes herein appropriated for the Agricultural and Mechanical College, or for the purposes of conducting experiments with

feeds by the Texas Agricultural Experiment Station and for such other purposes as the Board of Directors of the Agricultural and Mechanical College of Texas may deem advisable, provided that any salaries paid or supplemented therefrom shall not exceed those paid for the same or similar services in the Main College.

Any maintenance or support items listed in the Main College, or any of its branches or services shall be construed to include labor, supplies, equipment, travel, repairs, workmen's compensation payments, insurance and bond premiums, and contingent expense.

The Agricultural and Mechanical College of Texas is authorized to furnish supervision and professional assistance in agriculture and the mechanic arts to any school within the State requesting it, with particular emphasis on supervision of courses for returning veterans.

It is provided that the Cotton Research Committee may make necessary transfers among the appropriations for the Cotton Research Committee as is necessary to properly carry on the research work, provided the maximum salary rate for each class of position is not exceeded, and that none of the appropriations shall be used to supplement any appropriation made to the various educational institutions for business research.

GENERAL PROVISIONS

The expenditure of the appropriations herein made and authorized whether from the State General Revenue Fund, local institutional funds or any other receipts and funds whatsoever, except bequests and gifts, shall be subject to the following provisions:

Subsection (1). Uniform Financial Accounts and Reports. All institutions of higher learning in Texas for which appropriations have been made in this Act shall keep their financial accounts in accordance with the recommendations of the National Committee on Standard Reports for Institutions of Higher Learning, a committee appointed by the United States Commissioner of Education, and shall, within one hundred and twenty (120) days after the close of each fiscal year, file with the Governor, the State Board of Control, and the State Board of Education printed financial reports set up in accordance with the forms recommended by said committee in its publication entitled "Suggested Forms for Financial Reports of Colleges and Universities," which reports shall be subject to public inspection.

The governing boards of each of the several institutions, within seventy-five (75) days after the close of each fiscal year of the biennium shall file with the Board of Control and the Governor an itemized schedule of salaries paid all employees, including therein a list of names of all persons employed in any capacity by such institutions, who are paid for services during the fiscal year a total in excess of One Thousand Dollars (\$1,000) out of any funds from any source or of any character under the control of the governing board, and the name of each employee shall be accompanied by a statement of the total amount of payments from any

sources made to said employee at any time during the twelve (12) months of the fiscal year and the title of the positions or kind of service rendered, which reports shall be subject to public inspection.

Subsection (2). Salary Provisions. No salary appropriation herein shall be supplemented out of student fee funds, dormitory funds, or local funds except out of the Pure Feed Funds at the Agricultural and Mechanical College or out of funds received from the United States Government or its agencies, unless so ordered by the governing board of the institution to which such salary or salaries apply, at a regular meeting with at least a majority of the members of such board present, and such order shall be entered in the minutes of said board and shall set forth the reasons therefor.

No full time instructional salary as itemized herein shall be increased from any fund, except from the Pure Feed Fund at the Agricultural and Mechanical College or from funds received from the United States Government or its agencies, to an amount in excess of the maximum salary provided herein for positions of similar rank in the same institution, unless the maximum salary or a higher salary was legally paid in the preceding biennium in which case the salary may be supplemented not to exceed ten (10) per cent. It is further provided that compensation for correspondence and/or extension teaching as provided herein and compensation from bequests and gifts shall be excluded from the salary limitations of this paragraph. The rate of the salary paid an employee of any institution named herein for services during a summer session shall not exceed the salary rate paid the employee for the same or similar services in that institution during the long session.

Full time employees on twelve (12) months basis may receive not more than Three Hundred Dollars (\$300) for correspondence course and/or extension center teaching, and may not be paid additional money for summer school teaching, and full time employees on a nine (9) months basis may be paid for correspondence and/or extension center teaching or summer school or other services during the remaining three (3) months of the fiscal year, but may not receive more than at the rate of Three Hundred Dollars (\$300) per annum for correspondence course teaching during the fiscal year and/or extension center work during the regular nine (9) months session.

The board of regents or directors within their discretion and with good reason, may pay smaller salaries than those itemized herein, and may make such changes and substitutions within the totals for salaries as may be found necessary, and are authorized to transfer items or parts of items provided that the total sum to be paid for salaries out of this appropriation shall not exceed the total amount appropriated for salaries; provided further that this authority may not be used to increase the salaries of positions itemized in this bill through the use of funds appropriated for salaries herein.

It shall be the duty of the head of any institution or agency to transfer members of the faculty or other employees of the institution to any other position than those which such employees are now filling when necessary to increase the effectiveness and efficiency of the service or business affairs of the institution or agency. Vacancies in positions may be filled by promotion of suitable persons now on the staff, or by appointment of new persons. If a present employee is promoted to a better position he may be paid the salary specified for such better position or a smaller salary at the discretion of the head of the institution. Additional positions, other than those itemized herein, may be added only with the consent of the governing board. Such positions shall not pay larger amounts than those provided herein for similar positions in such insti-

tution or agency, and in the event there are no similar positions within such institution, such additional positions shall not pay larger amounts than those provided for similar positions in other State institutions, departments or agencies.

In the event laborers, skilled laborers, or mechanics cannot be obtained at the salary scale fixed herein then the heads of such institutions may pay for temporary employment only, not exceeding the prevailing wage scale paid in the locality where the temporary service is to be rendered.

During the biennium for which these funds are appropriated, inasmuch as our nation is engaged in a war requiring the maximum effort of every citizen and the marshalling of our every resource, together with the practice of the strictest economy consistent with orderly government, it is declared the intent of the Forty-ninth Legislature that the governing boards and heads of all State institutions of higher learning shall offer only such courses and teach only such classes for which there is such a demand that each full time instructor shall have a teaching load of not less than one hundred (100) student credit hours in all courses below the graduate level, and shall offer no elective course with an average enrollment of less than ten (10) students in the lower level classes, and six (6) students in the upper level undergraduate classes, and further that required courses under these limits shall be kept to a minimum.

Subsection (3). Institutional Receipts. No property belonging to any of the institutions herein provided for, or any agency thereof, shall be sold or disposed of without the consent of its governing board, and all proceeds from the sale of such property, from labor performed, from the sale of materials, crops and supplies, from fees, and any and all other receipts shall become and are hereby appropriated as maintenance or contingent fund to be expended under the direction and with the approval of the governing board having jurisdiction. Said governing boards are authorized to use out of the proceeds of said receipts and funds, in accordance with the provisions of this Act, such amounts as they shall deem necessary for the support, maintenance, operation and improvements of said institutions. Any balances remaining to the credit of any of said institutional local funds at said institutions or in the State Treasury at the end of any fiscal year are hereby reappropriated for the above-mentioned purposes for the succeeding year.

Subsection (4). Local Depositories. The governing boards of the respective institutions for which appropriations are made in this Act are hereby authorized to select depository banks for the safekeeping of local funds collected by said institutions. The Boards shall require said depository banks to furnish adequate surety bonds or securities to be posted for the assurance of safety of such deposits. The depository bank or banks so selected are hereby authorized to pledge their securities for assurance of safety for such funds. All local funds shall be deposited intact in these depositories within five (5) days from date of collection. The governing boards may require the depository so designated and selected to pay interest on deposits at a rate to be agreed upon by said depositories and said boards.

It is hereby declared the legislative intent that the governing boards and heads of the several State institutions of higher learning shall not borrow money from any person, firm or corporation to be repaid out of local funds, other than as specifically authorized by legislative enactment.

Subsection (5). Purchase of Automobiles. No moneys herein appropriated shall be spent for the purchase of a passenger car having a wheel base in excess of one hundred and seventeen (117) inches; this provision shall apply to passenger cars and not to buses.

Subsection (6). Traveling Expenses. No traveling expenses shall be incurred by board members, heads of institutions, or by any employees of any of the schools, or other agencies named herein, inside or outside of the boundaries of the State of Texas, except for State business or for the formal presentation of original researches by an employee, if before a national learned society approved in advance by the administrative head of the school, and no travel shall be performed outside the State except upon the written consent of the school's Board of Regents or Directors. All persons employed in any capacity by these State educational institutions and agencies, except heads of the institutions named in this Act and members of the boards who do not receive an annual or monthly salary, who travel at the expense of the State are limited to the amount for Four Dollars (\$4) per day expenses for meals and lodging; it being specifically provided that the employees shall obtain receipts for all amounts expended for lodging and other expenses except meals, local telephone and taxi fare, and shall file such receipts with their expense accounts as provided for employees of the State Departments, and the Comptroller and local disbursing officers shall require the same method of claim presentation and forms. The expenses of Regents or Directors shall be approved by the Comptroller of the State and the presiding officer of the governing board, and the expenses of all other employees shall be approved by the Comptroller of the State, the President or Chief Financial Officer, and the Auditor of the College or institution.

It is provided further that any officer or employee who travels on official State business and who uses his own car while so doing shall be reimbursed for the use of said car on the basis of the total mileage traveled during any calendar month at the following rate: Five cents (5¢) a mile for the first thousand miles traveled, four cents (4¢) a mile for the second thousand miles traveled, three cents (3¢) a mile for the third thousand miles traveled and two cents (2¢) a mile for each mile traveled in excess of three thousand miles. Before the Comptroller or disbursing officer of the educational institutions hereinbefore named shall issue any such warrant for reimbursement the said officer or employee shall file an affidavit with the Comptroller or disbursing officer showing the point of origin and the point of destination of his trip and the mileage actually traveled. If the Comptroller or disbursing officer is of the opinion that said officer or employee did not take the shortest practical route to the point of destination and return the Comptroller or disbursing officer shall have the authority and it shall be his duty to compute the mileage of the shortest practical route between the point of origin and destination and return, and he shall issue his warrant in reimbursement therefor on the basis afore-stated.

Subsection (7). Rental of Machines and Equipment. None of the moneys herein appropriated shall be used for the rental of office machines or any equipment of any kind without first having presented a requisition for the rental thereof to the Board of Control and secured said Board's written approval thereof; and the State Comptroller, or any local disbursing officer, shall not issue warrants or checks in payment of State rental without said Board's written approval. No agency of the government or any State employee shall permit any seller who has bid on new machines or new equipment of any kind to deliver any used or rented equipment in fulfillment of such order, even though said equipment has been used by the agency so deciding to purchase.

Subsection (8). Vacation Allowance. Vacation allowances shall be set by the governing boards of the various educational institutions for officers and employees who serve on a twelve (12) months' basis. This shall consist of the twelve (12) working days as specified for other state

employees and in addition thereto the equivalent of not more than six (6) of the State legal holidays as listed in Article 4591, Revised Civil Statutes, if same are not observed by the institution.

Subsection (9). Audits. The State Auditor shall make annually, after the close of each fiscal year herein stipulated, an audit of the books and accounts of said institutions and the latter shall compensate for the reasonable and necessary expenses of such audit out of their respective funds herein appropriated.

Subsection (10). Estimates required. If any executive officer of an institution named in this Act shall fail or refuse to furnish estimates to the State Board of Control, as required by Article 642 of the Revised Civil Statutes of Texas, 1925, on or before the first day of April, 1946, and April, 1947, such fact shall be certified by the Board of Control to the State Comptroller of Public Accounts, who shall thereafter not issue his warrants upon any fund belonging to that particular institution for any purposes, until said estimate is filed with the Board of Control.

Subsection (11). Athletic or Extramural Department. The general provisions made in this Act shall not apply to athletic or extramural departments, and as to these exceptions, the governing board shall make such necessary rules and adjustments as may be deemed advisable.

Subsection (12). Postage Stamps. None of the money appropriated herein for postage stamps shall be spent except on warrants and checks made payable to a United States Post Office and the warrant or check shall be endorsed by the postmaster from whom the purchase is made. If the expenditure for postage stamps exceeds Twelve Hundred Dollars (\$1200) for any one year, each institution or agency shall install a postage meter machine. The Agricultural and Mechanical College and its branches and services are exempt from this provision. The installation cost and rental of said machine shall be paid from the maintenance and equipment fund of each institution or agency.

Subsection (13). Printing and Stationery. All printing and stationery shall be purchased through the Board of Control and shall be confined to such articles and qualities as selected and contracted for by said Board, except said printing provided by law to be done by several of the State institutions. No embossed or engraved printing or stationery shall be purchased. This subsection shall not be applicable to any institution which operates its own printing plant.

Subsection (14). The governing boards of each of the several institutions herein appropriated for shall file for each institution under their respective jurisdiction, on or before October 1, 1946, in the office of the Secretary of the State Board of Education a report showing the number of semester credit hours registered for, as well as the number of such hours completed, for the lower level, upper level, and in technical courses of instruction as those terms are defined in the biennial report of the State Board of Education of 1934-36, as well as the number of student registrations in the lower level and upper level, for the long sessions of 1944-45 and 1945-46 and for the summer sessions of 1945 and 1946. Thereafter, as soon as the information is available, said boards shall file a semester report, as outlined above for the first semester of the long session of 1946-47; and shall file a semester report showing the number of semester credit hour registrations in the lower level, upper level, and technical courses of instruction, as well as the number of student registrations in each classification as of the close of registration for the second semester of the long session of 1946-47.

Subsection (15). Employment of Aliens. No money shall be paid out of any appropriation made herein for other than instructional services for a longer period than ninety (90) days, to any person who is not a citi-

zen of the United States unless naturalization proceedings have been instituted, provided that this limitation shall not prevent the employment for a longer period than ninety (90) days of regular students, who are not citizens, as student assistants or minor employees in the educational institutions of this State.

Subsection (16). The Board of Regents of the University of Texas and the Board of Directors of the Agricultural and Mechanical College of Texas are hereby expressly authorized to create not to exceed two positions of Vice President in each of said institutions and to fix salaries for same out of local institutional and/or appropriated funds at not to exceed eighty per cent (80%) of the salary authorized for the President of said institution.

Subsection (17). It is expressly provided that the extra positions contained in this Act, that is, these which are placed herein to be filled by those persons formerly employed in the several institutions named herein, but who have been temporarily employed in the Government Service or who are serving in the Armed Forces, are to be assigned to those who formerly held said positions, and said positions are not to be filled permanently by any other person, unless the person who formerly held such position has signified his intention not to return. In the event the person who originally held such a position signifies, in writing, to the head of the institution involved, that it is not his intention to return to the position which he formerly occupied, the position is not to be filled permanently unless the enrollment at the institution has increased to such an extent that, in the declared opinion of the governing board of the institution, an emergency exists for an appointment to said position.

Subsection (18). Employment of Husband and Wife Restricted. It is provided that none of the funds appropriated herein shall be paid to a husband and wife both of whom are employed by any of the several institutions named herein. In the event the Comptroller shall hold up issuance or delivery of any warrant by reason of these provisions he shall notify the head of the institution affected of his action and such warrants shall not be issued or delivered until the provisions have been complied with to the satisfaction of the State Comptroller; and in the event the head or heads of said institutions, so employing said husband and wife, or said husband and wife themselves cannot agree on which affected employee is to be retained in the State's employ, then the State Comptroller shall issue and deliver the warrant to the affected employee who has been continuously employed in the State's service for the longer period of time, and refuse to issue and deliver the warrant to the other affected employee who has been continuously employed in the State's service for a shorter period of time than the other affected relative.

Subsection (19). Be it further provided that, since liberty is the most precious heritage enjoyed by the people of this Nation or any other Nation in the world, a heritage which has been denied to such a large percentage of the peoples of the earth, and it is indeed comforting to know that such splendid and patriotic organizations as the American Legion, Veterans of Foreign Wars, the Spanish American War Veterans, the Daughters of the American Revolution, the United Daughters of the Confederacy, and the various women's auxiliary organizations, and all patriotic American citizens are ever on guard against vicious, subversive, and alien influences which sow their seeds of disloyalty on American soil; in order that the American people may be protected from all sources of alien and un-American propaganda, to the end that the American way of life shall be preserved, it is hereby provided that any member of any faculty of any State-supported institution who shall advocate, or subscribe to communism, or any other form of totalitarian state doctrine,

that is, that the individual exists for the benefit of the State, which is the antithesis of the American ideal and theory that all governments should exist for the benefit and glory of the citizens thereof, shall be discharged from such faculty when found guilty of advocating or encouraging such theories of government by the governing board of such institution.

Subsection (20). All officers and employees of this State and its agencies, instrumentalities, political subdivisions and municipalities having control over the payments of any salary or wages to public officers or employees, are hereby authorized and required to comply with the provisions of the Federal Income Internal Revenue Act of 1942 and/or amendments thereto and to any Texas statute relating thereto. Any expenses involved in complying with provisions of this rider may be paid from the appropriations herein made.

Subsection (21). It is hereby further declared unlawful for any person authorized to use a State-owned automobile in connection with any business of the State to use such automobile in connection with any campaign in which such institution is directly interested, or in behalf of the campaign for re-election of the head of any department, and/or is in any other manner, time or place than when such automobile is being used in the interest of and for the purpose of carrying out State business. Any person violating this Section shall, upon final conviction, be subject to a fine of not less than Fifty Dollars (\$50) nor more than Two Hundred Dollars (\$200). In the event such use of such automobile is being made with the knowledge of the head of such institution having charge of such automobile, then such head of such institution shall also be liable to punishment in a fine of not more than Two Hundred Dollars (\$200). Any court of competent jurisdiction in the county where this law is violated shall have jurisdiction to try such cause.

Subsection (22). The Board of Directors of the Texas Union shall annually submit a complete and itemized budget to the Board of Regents of the University of Texas, said budget to be accompanied by a full and complete report of all activities conducted during the past year and all expenditures made incident thereto. The Board of Regents shall make such changes in the budget as it deems necessary before approving same.

Subsection (23). The governing boards of the State Institutions of higher learning either acting directly or through the Board of Control for their respective institutions are hereby authorized to negotiate with the duly authorized agencies of the Federal Government and to pay for same out of local funds of the Institutions for purchases of commodities and supplies of any kind, or character, whatsoever, provided, however, that such item, or items, so purchased will be obtained at a price not to exceed the prevailing market value thereof, and if there be no value, then at the real, or intrinsic value; and it is further provided that the State Board of Control or the several governing boards of the State Institutions of higher learning are authorized to waive the requirements of bidder's bond and performance bond otherwise required, in dealing with the duly authorized representatives of the Federal Government.

Subsection (24). If any section, sentence, clause, or part of this Act shall be held invalid by such court of competent jurisdiction, such holding shall not alter, change, or affect the remaining portions hereof, and it is hereby declared to be the intention of the Legislature to enact this said Act, and each sentence, section, clause, or part hereof independently and irrespectively of the invalidity of any part as declared unconstitutional or invalid.
